

“Special Risk” Business Equipment Insurance Plan

Includes Computer Coverage!

Protect all of Your Business Related Equipment!

Enroll in the “Special Risk” Business Equipment Plan ...

Most homeowner’s policies won’t cover your professional equipment at your office, at home, or in your car.

You’ve spent a lot of your hard-earned money building up the collection of equipment used in your profession. Isn’t it worth protecting? No matter how careful you are, your equipment can be lost or damaged by vandalism, fire, lightning, and more important ... theft.

If something happened to your computer equipment, you’d not only lose your investment, but you’d probably also have to pay additional expenses such as temporary rental fees and reprogramming costs. The “Special Risk” Business Equipment Insurance Plan not only covers your business equipment for damage or loss but can pay these additional expenses as well. And, you can insure all of your equipment for a low cost you probably won’t find anywhere else.

Broad Coverage Available

This Plan insures your professional business equipment and computer equipment used in conjunction with your profession.

From Almost Every Imaginable Cause of Loss or Damage

The Plan covers loss or damage due to theft, breakage, water, vandalism, lightning, fire and other natural hazards. In addition to this “Special Risk” protection, coverage is also extended for loss or damage due to mechanical breakdown, electrical disturbances to computer equipment caused by lightening.

ALL of the Time...Wherever It Is

Equipment is covered everywhere ... at the office, while in-transit in your car trunk or on location. Wherever your equipment is located, it’s protected – 24 hours a day, 365 days a year.

Special Features

- Up to \$10,000 extra expense coverage to pay for the additional expenses necessary when computer equipment is damaged or lost, if specifically scheduled.
- Low deductible of \$100 per claim.
- Claims based on actual replacement cost up to the scheduled amount.
- Coverage for theft.
- Coverage for equipment when it’s off-premises or in transit.
- The cost of this Plan may be tax-deductible as a normal business expense.

Important Questions and Answers

Q. Do I have to insure all my equipment?

A. No. You insure only what you own and want to insure. That's an important advantage because if you work for a firm, the firm may already have coverage for equipment that is permanently kept on premises. Once that equipment is moved off premises however, it may no longer be covered. Since this Plan covers your owned equipment no matter where it's located, you can purchase it to protect only the equipment you normally take off-premises.

Q. Could I need this insurance if I already have coverage under my homeowner's policy?

A. Yes. The standard homeowner's policy does not cover equipment used strictly for business purposes. While your computer equipment may be covered if it's also used for personal matters, your other business equipment is not covered. And, if you take your computer equipment out of your home, it may no longer be protected.

Q. What's the minimum premium required under this Plan?

A. Unlike many other equipment policies that require you to pay minimum premiums in the hundreds of dollars, the "Special Risk" Business Equipment Insurance Plan has only a \$50.00 minimum annual premium. So if you're just starting to build your equipment collection, or you only wish to cover some of your business equipment, you can do so without paying extra for coverage you don't need.

Q. What if my computer has a short circuit and breaks down. Am I covered?

A. Yes, if the short circuit was caused by lightning. This coverage is almost always excluded from other business equipment plans.

Q. Any other coverage I should know about?

A. Yes. This Plan provides up to \$10,000 of extra coverage on all computer equipment to cover the extra expenses you may incur when your equipment is damaged or lost. This includes the cost for replacement software, reprogramming and rental of temporary equipment while yours is being replaced or repaired ... extra coverage at no extra cost.

Q. What will happen if I buy new equipment?

A. If your newly acquired equipment is less than 25% of your policy limit, you receive automatic coverage for up to 45 days when you purchase or take custody of the additional equipment. You have 45 days to notify the Program Administrator and you will then be billed for the additional insurance.

Should your newly acquired equipment exceed 25% of your policy limit – notify the Program Administrator immediately. You will be billed for the additional coverage.

Q. What kind of reimbursement can I expect?

A. This Plan pays you the actual cost of repair or replacement. No matter how old your equipment is, no depreciation factor is taken into account as long as equipment is insured for full current replacement value. Claims are settled on a "new for old" basis.
