

# Gold Card (Life Member) - 2010

## Melton Luttrell

### Presented by Jon Jones

---

I have known our recipient almost all of my calling career. We met approximately one year after I started. He and his wife started square dancing in the Fall of 1949 in Eastland, TX.

He began guest calling in 1950 and never looked back. He attended **Herb Greggerson's** caller's school in Ruidoso, NM that same year. It has been estimated that he has taught some 13 thousand people to square dance. He has been the club caller for a club in Ft. Worth for more than 50 years. He produced and recorded many records on his Square L. label. As a caller, he has traveled most of North America as well as England, Australia and New Zealand.

He got involved in the establishment of CALLERLAB in 1973 and he put together a pamphlet on how to go about building a square dance hall. He was Chairman of our Styling Committee when it was first organized. He was a member of our original Board of Governors and served several years in that capacity as well as on the Executive Committee. He has served on numerous panels over the years and he has attended EVERY convention.

He received CALLERLAB'S highest award, The Milestone, in 1986. He is now awarded CALLERLAB's Gold Card, Lifetime membership for his longtime and dedicated service. Please join me in this presentation and in congratulating **Melton Luttrell**.
